## How to use tefal easy fry deluxe

To view this video download Flash Player Tefal offers several air fryer models and the brand took home the 2019/2020 Finder Retail Award for the best air fryer brand, as voted by consumers. The brand's largest model, the Tefal Easy Fry Deluxe XXL EY701, offers just about everything you could want in an air fryer including 8 pre-set cooking modes and an LED touchscreen. Design Image: Sarah Brandon/FinderThe Tefal Easy Fry Deluxe XXL is pretty stylish as far as air fryers go. Made of stainless steel with black plastic accents, it won't look out of place in any kitchen. It has a large 5.6L basket that fits 1.6kg worth of food. The basket's removable parts are dishwasher safe and easy to wipe down with a sponge. The top of the unit has an LED touchscreen with all of the unit's controls including an on/off switch, temperature controls, timer, and 8 pre-set cooking functions for fries, steak, shrimp, bake, pizza, fish, grill and roast. The temperature is adjustable from 80 to 200°C and the timer goes up to 60 minutes and automatically shuts off when it reaches zero. Image: Sarah Brandon/FinderThe front of the machine holds a display that shows the time and temperature in easy to see blue numerals. Under the display is the basket and handle. The basket design is my biggest issue with this model. The rounded basket doesn't sit flat if you slide it even slightly out of the unit. So if you want to pull the basket out to pause cooking and add something else or shake the contents, I recommend using the pause button instead of pulling the basket out. I learned this the hard way when I left the basket sitting slightly ajar while I grabbed a few spices and the entire basket slid out and crashed onto the floor, spilling cauliflower all over my kitchen. Image: Sarah Brandon/FinderUnfortunately, I did this several more times while using it as I somehow couldn't seem to remember not to leave the basket ajar while in the middle of cooking. I've gotten used to doing this to pause the cooking process with other air fryers and it was surprisingly challenging to restrain my brain to stop. However, I admit that this might not be a problem for all users. The basket design also has a unique dip in the middle, and small foods like fries and cauliflower florets tend to accumulate in the middle, making them burn more quickly than the rest of the food. Performance Image: Sarah Brandon/FinderThe Tefal Easy Fry Deluxe XXL is easy to set up - all you have to do is plug it in and turn it on. However, the instructions for the pre-set cooking functions aren't as clear as they could be. The instructions include 8 icons representing each function instead of text and I had to Google what each one represented, as the user guide was lacking this information. After checking out a few customer reviews, it looks like this is a common complaint from users. The included instruction booklet isn't particularly helpful. It's full of images but doesn't include any text descriptions. Image: Sarah Brandon/FinderIt's also not entirely clear what temperature or cooking time each pre-set uses, and overall, I found the pre-sets to be much less useful than I hoped they would be. I preferred to cook using the manual temperature and timer settings, which were, fortunately, extremely easy to use. This Tefal unit also is slightly louder than some other air fryers I've used. Over several months, I cooked a variety of vegetables, both fresh and frozen. The basket is big enough to fit plenty of food for 2 people (or more) and even when it's full, it cooks the food evenly. However, as I mentioned, small foods get caught in the middle of the basket and need to be spread out manually. My toaster broke a few months ago so I've also been relying on my air fryer for toast and the Tefal Easy Fry Deluxe falls a little short when it comes to evenly cooked toast. It definitely crisps up the bread, but it doesn't give it the all-over satisfying crunch you get from a toaster, or from other air fryers I've tested. Image: Sarah Brandon/FinderCleaning and maintenanceThe Tefal Easy Fry Deluxe XXL is easy to clean and requires little maintenance. The removable parts of the basket are dishwasher safe and the whole thing is easy to wipe down or scrub with a sponge. After several months of regular use, everything is still working as it should be. Although the 4 rubber feet that hold the drip tray in place have started sliding around when I clean the tray. Should you buy the Tefal Easy Fry Deluxe XXL EY701? Buy it if you want a large air fryer with a digital display and an affordable price tag. Don't buy it if you don't have a lot of kitchen space or want basic, easy-to-use controls. The Tefal Easy Fry Deluxe XXL gets no complaints from me when it comes to cooking. The basket is big enough to fit everything I need for a meal and it cooks food evenly and quickly. However, the digital controls leave a lot to be desired. The pre-set cooking functions are needlessly complicated and the included instruction booklet is no help. After several frustrating attempts, I ended up only using the manual cooking functions and ignoring the extra features entirely. One of the biggest selling points for the Deluxe XXL is the price tag of \$349, which is less than a lot of similarly-sized air fryers, especially ones with digital controls. For example, the Philips Premium Air Fryer XXL, which costs over \$200 more than Tefal's XXL model. For the price, the Tefal Easy Fry Deluxe XXL has a lot to offer, even if all of the features don't work as well as promised. Pricing and availability AmazonThe Good GuysBing LeeI used the Tefal Easy Fry Deluxe XXL EY701 for around 2 months, cooking a variety of vegetables, baked goods and frozen foods in it daily. Your favourite treats and snacks just got healthier. Perfect roasting with temperature and time control. Vegetables or meats to perfection effortlessly. All your crispy favourites with little to no oil. How to make the most of your oil-less fryer Get to know it inside out See what's cooking and how Witness it come to life Recipes Should I preheat Fry Delight? Preheating Fry Delight is optional and takes about 3 minutes. To preheat Fry Delight, set the timer to slightly more than 3 minutes. What should I do if my appliance is not working? After following the instructions in the user manual for starting the appliance, make sure that your electrical socket is working by plugging another appliance. If it still does not work, do not try to dismantle or repair the appliance yourself and take it to an approved repair center. Can I use greasproof paper or aluminum foil in Fry Delight? Yes, you can. However, never completely cover the bottom of the basket with these types of paper or any others. Proper air circulation in the basket will ensure optimum cooking of food. When the bottom of the basket is obstructed, the air flow circulating in the basket is reduced. This modifies your appliance's cooking performance. Preheating Fry Delight is optional and takes about 3 minutes. To preheat Fry Delight, set the timer to slightly more than 3 minutes. After following the instructions in the user manual for starting the appliance, make sure that your electrical socket is working by plugging another appliance. If it still does not work, do not try to dismantle or repair the appliance yourself and take it to an approved repair center. Shaking the food in the basket allows warm air to reach contact zones between the food and obtain a more even cooking. Your food will be crispy and will have an attractive colour for an even more delicious result. Yes, you can. However, never completely cover the bottom of the basket with these types of paper or any others. Proper air circulation in the basket will ensure optimum cooking of food. When the bottom of the basket is obstructed, the air flow circulating in the basket is reduced. This modifies your appliance's cooking performance. 1.1 Guarantee The guarantee conditions for your product can be found in the guarantee section of the site. An invoice is included with the delivery of your products. This invoice is used as the manufacturer's guarantee certificate and must be kept for all warranty claims. 1.2 Returns Returns for an exchange or repair are available for products that are damaged in transit (ie: before you received it), faulty out of the box, do not work properly or otherwise do not satisfy the statutory consumer guarantees ("Consumer Guarantees") included in the Australian Consumer Law (please see below regarding the Australian Consumer Law and Consumer Guarantees Act 1993). TefalShop reserves the right to assess the eligibility of Goods for return (including the condition and age of the goods) BEFORE accepting them as returned. If you are returning your product because it is faulty or otherwise does not satisfy the Consumer Guarantees, please Contact the Tefal Consumer Support Team at tefalshopau@groupeseb.com You can also call our Consumer Support Team on 1300 307 824. All Goods which a customer wants assessed for return must be: accompanied by proof of purchase from Tefalshop by providing a receipt or other proof of transaction; and complete with instruction books and accessories such as power cords and any other out of box accessories supplied as part of the purchase. Where you believe an item is faulty, it may be necessary for you to send your goods to the manufacturer or their service agent for it to be assessed within a reasonable period of time. If your item that has been assessed at a service agent is deemed to be a manufacturing fault the cost of the inspection will be paid by you as the consumer. Where an item is damaged through misuse or abnormal use, Tefalshop will not provide a refund, exchange or repair. If your product is exchanged because it is faulty or otherwise does not satisfy the Consumer Guarantees included in the Australian Consumer Law the replacement product must be an identical type or of equivalent value to the original product. This process is in addition to any further rights you may have under the Australian Consumer Law. Australia: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to choose a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods otherwise fail to meet a consumer guarantee in the Australian Consumer Law. For further information about consumer guarantees under the Australian Consumer Law, visit www.consumerlaw.gov.au 1.3 Damaged in Transit If your purchase is damaged before you received your order, Tefalshop will replace your purchase with a new item. In the case of replacement, no additional shipping charges will be added to your order and we'll help arrange for the original product to be shipped back to us. 1.4 Change of Mind Please choose carefully as refunds or exchanges are not provided if you simply changed your mind or make a wrong decision. We reserve the right to update and amend this policy at any time with specifically notifying you, and any revised version will apply from the time it is published. You should check back from time to time to ensure you are up to date with the current policy. Easy Fry: A new low fat fryer to make crispy and tasty fried food with little to no oil!
