Correct Answer: Correct Answer: Correct Answer: Correct Answer: Correct Answer: JHM CareLink is a web-based application to connect JHM member organizations to community practices. Through JHM CareLink, community users can gain secure access to select patient information in the JHM EMR data repository and improve continuity of care. This continuity provides many benefits for our patients, including the following: Provides a more transparent flow of information between physicians. It makes it easier for outside doctors to place references and orders at JHM. It connects JHM doctors with specialists who use e-visits, providing care to a larger group of patients. It allows JHM to send information communications electronically to community clinics. It provides community clinics with access to review the patient chart for coding and follow-up on complaints. It allows the coordination of social services outside the JHM. JH CareLink is not an EMR solution; it is a mostly read-only application with some service-oriented features, such as the entry of the procedural order and the co-distribution of home health orders. JH CareLink provides referral physicians with access to their patients' medical records for 90 days after a doctor's visit, labs or imaging tests, ambiguous visits or hospitalization at Johns Hopkins Hospital, Johns Hopkins Bayview Medical Center, Howard County General Hospital, Sibley Memorial Hospital, Johns Hopkins All Children's Hospital and Johns Hopkins Medical Services of patients. It is also possible to order a special consultation to be scheduled by the patient. Community users outside the JHM who need to review the clinical and administrative information of patients seen within member organizations of Johns Hopkins Medicine. Community Users may include: Referral Doctors Referred-to Doctors Community Medical Contracts and Their Support Staff Legal Offices or Agencies requiring documentation through HIM Community-based and Public Health Organizations There is no fee associated with using JHM CareLink. Access the Internet using a commercial browser such as Chrome (recommended) or Safari. The use of Internet Explorer is discouraged. You can request JHM CareLink access for clinical staff, non-clinical staff and office administrators in practice. Each staff member will be required to sign up for Johns Hopkins CareLink, electronically sign the terms and conditions, and abide by patient confidentiality rules. You and your clinical staff, including medical assistants, nurses, administrative and office staff, will have access to your patients' medical records. At least one person at your site must be designated as the site administrator, who will have additional administrative responsibilities. Self-service password reset (available 24 hours) Can my site administrator reset my password? Yes, the site administrator can reset the password. I forgot my password and/or challenge questions. Please call the Help Desk, available 24 hours a day, 7 days a week at 855-284-5465, and ask to open a CareLink ticket for password resetting. Please allow up to 48 hours for the processing of your request. We encourage you to configure the challenge questions so that you can automatically reset your password via self-service. Since you already have access to the full version of Epic when you are in hospital, please use the In Basket provided on that version. Contact your local technical support. Print functionality is not controlled by CareLink. You need to check if the local computer the correct drivers and configuration for the local network or printer. The doctor needs to grant basketball access to the nurse before. Once this is done, the nurse can attack the desired In Basket. Please ask the research coordinator to add the patient to the group. Please refer to page 20 of the following guide. Please refer to this tip sheet. If you can't find the patient, please contact the registration at 410-955-5000 to check the entire entirePatient information. Please contact the site administrator, who is your first point of contact for any questions / problems. If the site administrator is not able to assist you, please call the help desk, available 24 hours a day, 7 days a week at 855-284-5465 and ask for help with Carelink. Please contact the team JHM CARELELK to hopkinscarelink@jhmi.edu. This is not for urgent problems, and the CareLink team will reply within 48 hours. See all 1 PhotoSloct 2, 1995No Speed à €
