This creates an entirely personalized learningexperience for each individual student. L'aggiunta dell'autore Hillier serve a internazionalizzare il testo ma anche, a mio personale giudizio, a farla sembrare magari un po' più diversa di quello che è in realtà (rispetto all'RWJ 10ed versione americana) e giustificare così l'abissale differenza di prezzo. Alcune differenze rispetto alla 10edizione del testo RWJ ci sono, ma si tratta di alcuni argomenti gestiti su sezioni diverse del testo e altri invece praticamente sovrapponibili parola per parola. Questa versione ha circa 200 pagine in meno ma considerato che questi testi hanno anche 20 -30 pagine di esercizi ed esempi alla fine di ogni capitolo, mi sembra proprio finora che siano state tagliate queste pagine.Se state seguendo un corso che segue la versione americana di Corporate Finance di RWJ, con i capitoli specifici tratti da quella edizione e non doveste trovarla a prezzi ragionevoli, allora vi conviene questo libro, ma affiancandoci magari il PDF della versione americana, ottenibile online, così da ricomporre l'ordine che potrebbe, come accennato, in alcuni casi essere un po' diverso.Chi invece non è toccato da questi dettagli di organizzazione del testo, ma cerca il miglior testo di finanza, possibilmente nuovo, da affiancare ad un corso online di finanza aziendale che non necessariamente specifichi quale capitolo di quale testo vada studiato di volta in volta, allora questo testo è perfetto, conveniente, e comunque "e" l'RWJ. We create video tutorials that may be used for many years in the future." Dr. Mei Lin Chen PhD in Math Va considerato come la versione europea/internazionale della versione americana, che ha un prezzo assai maggiore.
